GREAT COTTON TRADE WITH JAPAN

Immense Quantities of the Staple at Kobe—Eighty Ships Unloading There.

By Associated Press.
Seattle, Wash., Aug. 11.—When the Kanagwa Maru left Kobe on her last voyage to Seattle there were more than eighty ships either at the docks of that port or lying in the offing awaiting their opportunity to discharge their cargoes which, for the most part, consisted of cotton. This commodity according to Capt. Vale of the Kanagwa is crowding every warehouse along the water front of Kobe and is overflowing into the field which extends back from the town.
Shortly before the departure of the Kanagwa, a fire started in this vast amount of cotton and before it could be extinguished had destroyed some 20,000 bales. Capt. Vale stated that the loss was scarcely noticeable to the casual observer, and that the space in which the burned cotton had been was filled almost immediately with other bales which were discharged from other ships. The greater part of this cotton is American product, although a small portion is from India. Capt. Vale stated that a large amount of cotton-weaving machinery is being installed in Japan and that the manufacture of cotton fabrics is rapidly becoming a great industry in the land of the Mikado.

JOHN DAVIS SHOT AT BLOUNTSTOWN

CHARGE FROM SHOTGUN, ACCIDENTALLY DISCHARGED, LODGED IN HIS BACK AND MAY PROVE FATAL.

Special to The Journal.
Blountstown, Aug. 11.—A shocking accident occurred a few miles south of town yesterday. Mr. Wiley Kent, while handling an old-time shotgun, by some unaccountable means discharged it, the contents lodging in the back of Mr. John Davis, below the shoulder blade. Dr. Rhoden, of this place, was called to attend Mr. Davis. The doctor found the wound to be a dangerous one, but hopes to pull the patient through, but it will require close attention, as the parties were so near each other that the wads and clothing were driven deep into the wound. Both parties are well known. Mr. Kent who did the shooting, is an old man and is prostrated over the sad occurrence.
Miss Callie Russ, daughter of Mr. H. Ben. Russ, one of the leading citizens of Blountstown, gave a birthday social last evening, which was largely attended. All the young folks had a pleasant time and Miss Callie received many nice birthday presents.

WILL MARRY A SOUTHERN GIRL

By Associated Press.
New York, Aug. 11.—News of the rescue of Anthony Flata, head of the second Ziegler expedition in search of the north pole yesterday caused the announcement by his family in Brooklyn of his engagement to Miss Clara Puryear of Nashville, Tenn. The southern girl promised on the day Flata's expedition sailed to be his bride, but the engagement was kept a secret pending news of its return.
The explorer first met Miss Puryear eight years ago when he visited Nashville with a troop of Brooklyn cavalry, which took part in the New York ceremonies at the Tennessee exposition.
Announcement was made yesterday at the office of the late William Zeigler, in this city, that the members of the Flata party will be brought back to the country and sent to their homes. When that has been done, no further attempts backed by the Zeigler estate will be made to reach the North pole, as the executors have no desire to continue the work of Arctic exploration.

CEREAL CONGRESS WILL MEET AT PORTLAND AUG. 16.

By Associated Press.
Portland, Ore., Aug. 11.—The preliminary work incidental to the sixteenth annual session of the trans-Mississippi cereal congress which convenes in this city Aug. 16, has been completed. Prominent among the speakers who have assured Secretary Francis of their intention to be present are Governors Meade, of Washington; Chamberlain, of Oregon; Pardee, of California; Mickey, of Nebraska; and Brady, of Alaska, and a number of prominent men in public life.
The feature of the program, that of oriental trade, will be discussed by Mr. Theodore Wilcox, president of the congress, Hon. John Barrett, American representative of the United States at Columbia, and Mr. James J. Hill, president of the Great Northern railway. Hon. John W. Noble, former secretary of the interior and the first vice-president of the congress who will preside upon the discussion upon oriental trade will address the delegates upon the subject, "The Department of Commerce and Labor."

NEW INDUSTRIES FOR PAST WEEK

Industrial Development in South Continues on a Gigantic Scale.

Chattanooga, Tenn., Aug. 11.—In The Tradesman's list of new industries established in the Southern states for the week ending Wednesday appear two concerns capitalized with seven figures—a mining company in North Carolina, representing \$1,000,000 capital, and a lumber and investment company in Oklahoma with \$2,500,000 capital stock. Texas comes to the front with a very large list of diversified new industries, among which is a construction company capitalized at \$500,000. In the list which is made up of official reports from the several states, appears a gratifying array of new investments, the most notable, perhaps, being in the development of lumber, iron, coal and textile interests. Several new electric light plants are reported also this week. This list is authorized by The Tradesman as follows:

Alabama.
Union Springs—\$15,000 fertilizer factory.
Mobile—\$20,000 saw mills.
Montgomery—\$5,000 bottling works.
Anniston—Lumber company.
Carrollton—\$10,000 lumber company.
Arkansas.
Luxora—Electric light plant.
Cotton Plant—\$5,000 cotton gin.
Dardanelle—Electric light plant.
Parsons—\$800,000 railroad shops.
Jonesboro—\$50,000 investment company.
Florida.
DeLand—Gas plant.
St. Augustine—\$10,000 laundry.
Georgia.
Cordella—Electric light plant.
Thomasville—Electric light plant.
Griffin—\$100,000 cotton mills.
Macon—\$25,000 distillery.
Monroe—\$25,000 electric light plant.
Atlanta—\$25,000 tool company.
Surrency—Crist mill.
Calhoun—Brick works.
Wadley—Cotton gin.
Indian Territory.
Okemah—Cotton gin.
Mounds—Gas plant.
Davis—Electric light plant.
Marlow—\$20,000 water works.
Kentucky.
Frankfort—\$30,000 lumber company.
Middlesboro—\$20,000 coal company.
Paducah—\$100,000 cotton mills.
Farmersville—\$25,000 oil company.
California.
Calestburg—Lumber company.
Louisville—\$150,000 novelty company.
Monticello—Electric light plant.
Goodman—Saw mill.
Louisiana.
New Orleans—\$50,000 cotton and cotton gin company.
Arcadia—Gin and milling company.
Mississippi.
Gulfport—\$25,000 ice and cold storage plant.
Union—\$200,000 investment company.
Port Gibson—Cotton gin.
Hattiesburg—\$125,000 telephone system.
Philadelphia—\$30,000 compress, light and ice company.
Waynesboro—\$5,000 warehouse and storage company.
Barlow—\$25,000 oil mill and fertilizer company.
Meridian—\$25,000 cotton company.
Lexington—\$7,000 laundry.
Pass Christian—\$5,000 laundry.
Missouri.
Butler—\$20,000 building and loan company.
St. Louis—\$18,000 investment company.
St. Louis—\$200,000 machine works; \$10,000 investment company; \$15,000 investment company.

Shirt Troubles Cured Here.

A nagging wife, a furnace that won't draw, or a perverse collar button are drawbacks to a man's morals and a mellow disposition.
But a Shirt that doesn't fit does more to rack his nervous system and make a mental and moral wreck of him than all of the other troubles put together.
The only redeeming feature about a bad Shirt is that it is easy to get rid of and stay rid of it. We have plenty of docile, friendly, obedient, peaceful Shirts that a man learns to love for the pleasure and comfort they give him.
The new patterns are indeed handsome. Come, skim the cream while the stock is fresh.
50c, 75c, \$1.00.

E 3 85
D 3 45
C 3 30
Spirits Turpentine, 60½ cents.

New York Cotton Market.
New York, Aug. 11.—The cotton market opened quiet and firm at an advance of 1/4 points, and shortly afterward increased the gain to 5/8 points on the active months on scattered covering and a little demand from leading spot interests in the face of continued good weather, talk of increasing new crop receipts and somewhat disappointing English cables. Offerings increasing on the advance with New Orleans a moderate seller, and prices toward the middle of the morning worked off from the best, but the tone seemed fairly steady, about 4/5 points over last night's prices.

Investment company; \$10,000 mining company; \$10,000 machinery company; \$20,000 lumber company.
Webb City—\$150,000 quarrying company; \$99,830 zinc company; mines; \$50,000 mining company.

TO START WORK OF THE CONGRESS OF MOTHERS.

By Associated Press.
Philadelphia, Aug. 11.—To start the national work in seven states is the object of the six weeks' trip in the interest of the varied work of the national congress of mothers, which began today with the departure from this city of Mrs. Frederick Schöff, president, and Mrs. Edwin C. Grice, secretary of the national organization. The two leaders will go directly overland with brief stops at Chicago and Denver to Portland, Ore., where the first public meeting will be held on August 18 for the organization of workers and for the discussion of juvenile court methods, the care of defective children and the co-operation of home and school. The meeting will be under the auspices of the Home Training association of Portland.

HACKMEN MUST PAY STATE AND COUNTY LICENSE.

Judge Carter yesterday decided a test case in the criminal court, in which the hackmen of the city are interested, and in giving his opinion he decided that hackmen were as a party required to pay a license as a party engaged in any other business or pursuit.
The case was brought before the court by the arrest of James Stallworth for doing business without a license, the hackmen having decided to allow one of their number to be arrested upon this charge in order to test the law.
This applied to the state and county licenses, and the proceedings were instituted several months since. All hackmen, as a result of the decision, will take out the required license.

TERSELY TOLD BUSINESS LOCALS.

FLOOD FORECAST IN COLORADO

Special to The Journal.

Denver, Colo., Aug. 11.—One of the most unique departments ever established by the government weather bureau and one which has been of more assistance to the residents of the district affected than any other ever tried, is the flood forecast service organized in this state a year ago under the direction of F. H. Brandenburg, district forecaster.
This year the service extended to southeastern Colorado and Northern New Mexico. Fifteen rainfall stations were established in various parts of the district, all reporting to the central office at Denver.
As a result of the system, the farmers along all rivers in the district were in every case this year told of floods five days in advance of the coming of the waters.
In addition to that they were told the height of which the water would go. In consequence the damage from freshets in that district this spring and summer has been less than \$10,000, whereas last year it amounted to more than \$3,000,000 and resulted in the tying up of railroad traffic in some instances for weeks. So successful has been the experiment that the weather bureau has now extended the system to cover all of Colorado, Wyoming, New Mexico and the greater part of Utah.

This entire territory will within the next few months be dotted at frequent intervals with rainfall stations, each in charge of a competent man who will keep constantly in touch by wire with the central office in Denver. Prof. Brandenburg believes that by this method he will be able to practically avoid all loss by spring and summer freshets in the four states mentioned.
Asthma Sufferers Should Know This.
Foley's Honey and Tar has cured many cases of asthma that were considered hopeless. Mrs. Adolph Buesing, 701 West Third Street, Davenport, Iowa, writes: "A severe cold contracted twelve years ago was neglected until it finally grew into asthma. The best medical skill available could not give me more than temporary relief. Foley's Honey and Tar was recommended and one fifty-cent bottle entirely cured me of asthma which had been growing on me for twelve years, and if I had taken it at the start I would have been saved years of suffering." W. A. D'Alemberte, druggist and apothecary.

A LETTER

Mr. L. S. Brown, Manager, Pensacola, Florida,
Dear Sir:
This is to acknowledge receipt of check No. 29588, of the Mutual Life Insurance Company of New York, for \$2,000, being the full claim held by Edwin C. Dansby's estate, proofs having been forwarded the Company on the 27th of July, 1905. This policy was barely two years old.
I cheerfully recommend your good company to those desiring safe insurance and prompt settlement.
Yours very truly,
(Signed) PAUL DANSBY, Admr. Es. Edwin C. Dansby.
